

UKRAINE EMERGENCY FUNDRAISER

Ukraine continues to face a devastating humanitarian crisis as ongoing conflict destroys homes, schools, hospitals, and vital energy infrastructure. More than **12.7 million people** urgently need assistance, with families enduring freezing conditions without reliable heat, power, or safe shelter. Children and older people are among those most at risk.

How your donation helps Ukraine's most vulnerable:

\$65

can provide two basic hygiene kits for a family.

\$155

can provide a social worker for one week to support displaced families.

\$375

can provide a month of transitional housing in a neighboring country for somebody who has had to flee their home.

\$1,000

can provide two days of emergency food and water for 50 people staying at collection centres.

How will your support help?

Our partners on the ground are providing communities with vital shelter, food, clean water and protection to vulnerable families facing conflict, violence and disaster.

In partnership with local partners on the ground, we have supported:

4.8 million people in Ukraine.

2,000 internally displaced people, mostly women and children, received emergency accommodation, food, medicine, clothing, and psychological support.

2,500 women and children can be housed in emergency shelters providing safety, food and medicine amid ongoing air raids.

1,000 people each day are receiving food at border crossings as they flee the conflict.
