

VENEZUELA EMERGENCY FUNDRAISER

Support our fundraiser for Venezuela

Right now, families across Venezuela are facing uncertainty, fear and loss, with thousands of lives lost following the two major earthquakes on 24 June.

This disaster comes at a time when millions of people in Venezuela were already struggling to survive – now, the situation has become far more urgent.

Your support will help Caritas Australia's partners on the ground provide critical emergency support to those who need it most, ensuring that communities across Venezuela have what they need not only to survive today, but to rebuild in the future.
